

## **10-YEARS OR OLDER HONDA/ACURA**

At Carey My Keys we pride ourselves on our level of professionalism and by doing so we want to make sure you understand the risk of this procedure.

**HONDA KEYS ARE KNOWN TO WEAR OUT OVER TIME. THIS CAN CAUSE DAMAGE TO THE IGNITION & DOOR LOCK CYLINDERS. BY CUTTING A NEW KEY BY CODE, THERE IS A POSSIBILITY THAT KEY INSERTION OR TURNING WILL NOT BE POSSIBLE, ALSO CAUSING THE ORIGINAL KEY NOT TO WORK EITHER.**

**WE CAN REPAIR THE IGNITION AND DOOR CYLINDER BUT THIS WOULD BE AT AN EXTRA COST TO THE CUSTOMER.**

POSSIBLE ADDED EXPENSE IS THE OWNER'S RESPONSIBILITY

IN SHOP WORK:

IGNITION LABOR (REMOVING AND REINSTALLING IGNITION) - \$120 + HST

DOOR LOCK LABOR (REMOVING AND REINSTALLING DOOR LOCK) - \$90 + HST

AUTOMOTIVE RECODED (REPAIRING THE IGNITION OR DOOR CYLINDER - \$50 + HST EACH

**IF THIS HAPPENS AFTER YOU HAVE LEFT THE STORE, THE VEHICLE WILL HAVE TO BE TOWED TO OUR STORE FOR THE SERVICE TO HAPPEN. THE TOWING IS THE RESPONSIBILITY OF THE CUSTOMER**

By signing this form, you accept responsibility and will not hold Carey My keys or any of its employees responsible.
